

Dear Manor Woods Valley Supporter

We couldn't let National Meadows Day go by without a mention. To celebrate, local resident, Rachel Harvey, has been photographing butterflies in Manor Woods Valley mid-summer meadow. For a treat, see her blog post on our website www.manorwoodsvalley.org.

We are working with the youth organisation, Groundwork, and their project, 'Future Proof Parks', to recruit and train local 16-25 year-olds in conservation, leadership and social action. There is a FREE training course on 24, 25 and 26 July for young people interested in joining the Manor Woods Valley Young Rangers programme. If you know of anyone who may be interested, please ask them to contact amy.walsh@groundwork.org.uk for more information or they can sign up here: <https://goo.gl/forms/VqZtLM5MvMysunHv1>.

Finally, there was a mistake in Malago Valley Conservation Group website address in my last email. To see their most recent newsletter, which has an article on Manor Woods Valley, please visit www.mvcg.org.uk - or www.mvcg.org.uk/nx1122lores.pdf to go straight to the Newsletter.

Best wishes

Martin

Manor Woods Valley Group
